14th European Conference on Visual Information Processing EUVIP 2026

IEEE Benelux Section

EURASIP

28.09.2026 – 01.10.2026
Luxembourg

Organizing Committee

General Chairs

Djamila Aouada, SnT, University of Luxembourg, Luxembourg
Azeddine Beghdadi, Universite Sorbonne Paris Nord, France

Technical Program Chairs

Enjie Ghorbel, CRISTAL, ENSI, University of Manouba, Tunisia
Mihai Mitrea, Telecom Paris Sud, France
Anis Kacem, SnT, University of Luxembourg, Luxembourg

Important Dates

Tutorial Proposals: 15 May 2026

Tutorial Notifications: 20 May 2026

Paper Submissions: 21 May 2026

Paper Notifications: 18 July 2026

Demo Submissions: 15 July 2026

Demo Notifications: 18 July 2026

Camera Ready Paper Submissions: 25 July 2026

Project Dissemination Papers Submissions: 30 July 2026

Project Dissemination Papers Notifications: 15 August 2026

Call for Project Dissemination Papers

Following the success of previous editions, the EUVIP 2026 Project Dissemination Session is an opportunity for project leaders and/or partners to present their objectives and achievements and interact with colleagues from academia and industry working in similar or complementary research areas, contributing to the dissemination of results and the sharing of good practices.

Submission Guidelines:
Potential authors are invited to submit a two-page project paper using the official EUVIP 2026 full-paper template, available at https://euvip2026.github.io. Accepted project papers will be included in the conference booklet.

Regular Paper Authors:
Authors of regular papers accepted through the EUVIP 2026 double-blind peer review process may be invited to present their work in the Project Dissemination Session, notably when the paper describes work developed within a funded research project.

Assessment Criteria:
1. Relevance of the project topic to EUVIP 2026 themes
2. Novelty of the project's technical objectives
3. Excellence of results already achieved
4. Editorial quality of the project paper

Submission Instructions:
Project papers should be submitted by email to euvip2026@uni.lu.
Authors will be informed of decisions by email.
